Mission

We believe that our children are the future of not only our country but of the world. We therefore, aspire to become a model school which promotes moral, physical, creative, emotional and academic excellence through a broad, balanced and relevant educational system in a secular environment. We would achieve this by teaching our children to learn to think, to understand and to adopt to our ever-changing environment. We would enable them to develop their abilities to the full potential.

Vision

The school aims to create an extremely effective, nationally known center of education which will not only produce students of high-level achievements but also help to train the next generation of teachers. The aim being to work with parents, to encourage students, to reach their full potential, to enable them to discover and focus on their interests and talents to pursue their goals. Lastly to ensure a safe and orderly environment that will wholly nurture the child's body and mind.

ABOUT SCHOOL

MIRC Primary School, Ahmednagar is an English Medium Co Educational Institution founded in 2017 under the aegis of Education Department State Board of Maharashtra. The medium of instruction is fundamentally English and great importance is laid upon fluency in spoken English with correct pronunciation and diction. Hindi is taught as a National Language with equal importance. Here in MPS, emphasis is on the holistic development of a child by fostering a synergic balance between scholastic and co scholastic achievements and a host of co-curricular activities which find a rightful place in the curriculum. School is affiliated under state board of Maharashtra up to Senior Secondary (12th). It is further submitted that this school also applied for CBSE affiliation vide Reg No MS005401920. School strictly implements "No Homework Policy" for classes I & II.

Message from the Patron:

Dear Parents,

As the great Albert Einstein once said, “Education is not the learning of facts but the training of the mind to think”. As the earth continues to circle the sun, MIRC Primary School will continue to grow and develop with passion and inspiration, we believe that each and every child will be transformed into global leaders of tomorrow. To elevate the overall performance and achievement level of all educators and learners, we equip them with modern learning experiences and competencies so that we enable them to become critical thinkers, socially aware, and concerned citizens. Student’s individuality is of paramount importance in our school so both traditional and modern educational values are respected and encouraged to coexist. We believe that every learner is unique and special and they all have the ability to learn. We believe it is our responsibility as educators to nurture and develop every learner to prepare them for life. At MPS, the educational curriculum strives for excellence by preparing students for learning beyond their school years and enable them to attain his/her maximum potential, both academically and socially.

Our state of the art infrastructure, experienced and efficient administration, rigorous scholastic programs from academic to dance, theatre, music, and a variety of sports are all aimed at grooming the holistic development of a child. With these qualities, our students will certainly imbibe the knowledge to help them to reach new heights of greatness with each academic year and become responsible global citizens.

Jai Hind.
